

1st Free Video

Ciao and thank you for your visit.

I'm Lucio Pozzone and I welcome you to the **Free Members Area of Flamenco Facile**.

Here you have a series of free contents available that will allow you to learn the guitar technique of the **alzapúa in a short time**.

Plus you'll find a section dedicated to some " **technique pills** " and a **Bonus** for a free 30-minute video call / lesson, during which **you can ask me for suggestions and information**.

The Free Members Area is of **fundamental importance**, not only for the value of its contents, but above all because it is a totally free test environment where you can experience the Flamenco Facile System.

In the 1st Free Video **the exercises 1 and 2 will be explained to you**.

You can download the PDFs of the scores and instructions, the audio tracks at two distinct speeds and, most importantly, **you can post your question** which I will answer as soon as possible.

If you liked the first video, you can continue with the other lessons by opening a **free account whose credentials will last 7 days**.

Registration does not imply any commitment on your part.

Good luck and have fun.

Lucio
